

was held on July 21 in conjunction with the La Grande chapter, at Emigrant Springs State Park. This picnic was the best yet, and those who failed to come will never know how much ice cream, pop, and delicious food was consumed in true picnic spirit. Deward Winn and his amplifier unit, plus plenty of recordings, furnished the music for those who liked music, and also for a square dance.

Our chapter president, Walter Clark, has taken himself a new boss. The marriage took place during the early summer. Congratulations, Walter; By the way, Mrs. Clark and Mrs. Pete Altenburg are champion horseshoe pitchers, as they defeated all contestants, whether man, woman, or child, at the recent picnic.

A number of vacations are past history, and the big fish that got away are still growing. C. H. Armstrong spent a few days on the Imnaha river,

Bob Floch and Lloyd Yeck spent a few days at Minam Lake. Al Wallace was back in the Ukiah country, while Walter Hodge had to go back to his old stomping ground, the good old Deschutes river. In all cases, the fish must have been consumed in order to get by the game warden, as your correspondent failed to see any on exhibit. Our worthy secretary, Homer Rogers, spent his vacation up in the Wallowa country, with no comment on activities of amusement.

The September meeting of the chapter was held on the 4th of September, but due to pre-roundup activities not too many turned out. The accumulated business was taken care of and plans were made for a big meeting in October, with considerable emphasis placed on getting a 100 percent attendance. Considerable interest, as well as confusion, is the outcome of the new civil service ratings recently received by all employees.
