

OREGON CHAPTER No. 22

Forrest Stewart, secretary of O.S.E.A. and Leo Smith, legislative representative, are to be the speakers at the January meeting of the Oregon chapter. Special guests of unemployment commission members will be employees from the state welfare department and the state employment service, according to President David Cameron. Personnel in the local employment office have been extended a special invitation through Manager William Baillie.

Secretary Stewart is expected to tell something of the workings of the O.S.E.A. directors and officials, while Mr. Smith is to report on developments in the current session of the legislature that may affect working conditions for state employees. Following the talks, members will dance and enjoy a social period while refreshments are served. The meeting was held January 28 at the Mayflower Hall of the Dairy cooperative in Salem.

LIBRARY BUILDING CHAPTER No. 23

Our chapter is very proud of its 12 new members. One from the State Library, one from Vocational Rehabilitation and 10 from the Veterans' Department. Al Crose really spread the word in the latter department! Our total membership has now reached 50, our all-time high. While small compared to many chapters, this number represents a large percentage of the

permanent employees working in the Library Building.

Mr. Loren White, the new O.S.E.A. Secretary-Treasurer, was a guest at our December meeting. He and the chapter delegate discussed the decisions of the General Council and answered questions for the members present. We had one of our best turn-outs at this meeting and members very much enjoyed hearing Mr. White's discussion of Association policies.

A great many of our members spend a considerable amount of their time traveling for the state, making it very difficult for them to attend meetings and keep informed on chapter business. Thus, we mail a monthly news sheet of one page to every member just prior to each regular meeting. In it are given
