In commenting upon his report, Mr. Leo Smith spoke of Senate Bills 266, 401, 458 and 462 as indicating trend and scope in efforts to remove certain classes from under the Civil Service Act. He stated that House Bill 387 was one instance where, if the Association representatives had not been on the job, the whole Civil Service Act would have been wrecked.

Mr. Smith recommended two things: The working out of the legislative program in advance of the session and making friendly contacts with legislators prior to the session. It is not enough

President Ericksen asked that all committees decide on a meeting place in order that announcement could be made prior to adjournment at 2:00 P.M.
