

is confined to the hospital with poison oak. Don has really got a bad case. Several of our boys have been laid up with poison oak this winter. Mr. D. J. Barbee, vice-president, has been laid on the shelf for the past two weeks in the early part of March. We hope he will be back on the job soon.

Under good of the order, the entertainment committee took over with quite a full evening, starting with a potluck dinner and boy, such food. Then for a few laughs the boys staged a fashion show, modeling from bathing suits of the Gay Nineties to the latest in fashion for the ladies. Those taking part were Ed Rief, Ed Johnson, Ed Flanagan (the three Eds), Fred Ryan, Jim Hudson, Bill Sample, the blushing bride, and last but not least Tom Opedal as the bathing beauty of the early Nineties. Mr. Bob Ross dressed in top hat, sideburns and cane, did a very fine job of announcing the show. Herb King did a very fine job on this committee. This was followed by several reels of movies by Mr. Goodman through the courtesy of the Texaco Oil company. The ladies attended the social part of the evening. Approximately 200 attended.

Our secretary, Hod Roadman, is pretty busy collecting dues and writing up new applications as all committees are working in good shape.

—Earl Stream.

SIAC CHAPTER No. 20

If you read the Salem papers you will know this chapter is on the beam. We have some fun when we get together and it surprises even us to find such talent for entertainment in our midst. Our secretary reports 231 members at this writing, with only about 70 "employee potentials" not yet in the fold. We have written a nice letter to the 70 inviting them in and showing why every state employee owes it to the OSEA to give their support.

We have recently appointed a committee of nine to seek ways and means of keeping up interest in the OSEA and our chapter meetings and hear they are cooking up some chapter participations in affairs of interest to the Salem citizenry.

We plan to have three delegates to the general council meeting and ex-

pect to have them elected by October 15, just like the OSEA constitution says we should do.

CORVALLIS CHAPTER No. 29

Under the able leadership of P. M. Brandt, president, the Corvallis chapter has kept itself much alive and growing. We have a habit of being first with the news of what goes on in the OSEA, in no small measure due to the willingness of our president to ferret out the dope.

Much effort is spent by our officers in getting data of interest into the hands of the members and prospective members and it bears fruit. This chapter feels that some of the improvements made in the retirement act by the recent legislature will improve conditions among us to a considerable extent and will serve to prove that OSEA efforts in behalf of the state's welfare are not in vain.

We find our local papers very friendly and cooperative in letting the people know about our activities and interests.

PLACES TO GO

(Continued from page 17)
