Librarian I, II, III, IV

MEMBERS URGED TO CONTRIBUTE MATERIAL FOR THE MAGAZINE

A member mailed in an item clipped from the Daily Journal of Commerce, Portland, of January 18, 1950, which among other things reported that the Chrysler Corporation had offered its employees \$100 pensions, including social security. Under the plan the workers get \$4.00 per month for each year of service. This is in line with OSEA's proposed amendment to the retirement law, which if enacted would increase the prior allowance to \$4.00 per month for each year.

Members from time to time, no doubt, read items in newspapers and magazines which covers such activities in industry and governmental bodies on matters as wages, retirement, civil service and other items that would be of interest to fellow members or that would be of material assistance to our directors in furthering OSEA programs and objectives.

Why not clip them out and mail them to the headquarters office where they will be filed for future reference?
