OSEA Membership

The life of the Association is created and sustained by membership. Only employees of the State are eligible to belong to this organization, which has become recognized as their spokesman. Thus it is that the employees have a voice in shaping the policies of State employment. This has proven to be extremely beneficial to both employer and employee.

What we need is a concentrated effort on the part of each member to inform other employees of the purpose to which OSEA is dedicated and to the benefits constantly being derived through representation at the legislature and before Administrators. Is this small request of each and every member to sell one more membership in OSEA asking too much? Surely everyone can not turn a deaf ear to this plea for a larger membership in the Association. It is important, do it today, don't put it off!

**YOUR CHAPTER SECRETARY
IS READY AND WILLING
TO ACCEPT YOUR 1951
OSEA DUES!**
