Dear Chalmers:

Thank you for your recent letter and your most cordial invitation to address the delegates at the General Council on Thursday, November 7th. This is a most significant occasion and for this reason it is a great disappointment to me to find a national board meeting together with other official commitments at that time will deny me the privilege of even stopping by briefly.

However, if it would be at all appropriate and fit into your plans I would be most happy to send a greeting to be read at the opening session or make arrangements to have someone officially represent me at that time. I shall await word from you in this regard.

I am most appreciative of your thoughtfulness in considering me, and I am extremely sorry it has been necessary to decline.

Sincerely yours,

Kindest regards.

MARK O. HATFIELD
Governor
