

Attention OSEA Members:

If you think all auto insurance is the same, it could be costing you as much as \$60⁰⁰ a year!

Most drivers think there's no difference in insurance costs. But thousands of public employees are saving cash every year since they switched to Nationwide. Read how you may qualify for big savings:

Do you think all auto insurance costs the same? Over half of all drivers in the West think so, according to a 1974 survey made for us by Research 100 of Princeton, N.J.

Yet in the same survey, most of our policyholders told us they enjoy lower rates with Nationwide car insurance. That's reason enough for you to check our rates — now.

How can Nationwide offer lower rates?

First, you buy by mail or phone. We save sales costs and pass the savings on to you. You also save because we insure careful drivers and thus keep rates low. And we offer special discounts to multi-car owners and qualified youthful drivers.

Fast and fair claims service

Thousands of local claims adjusters across the country are ready to help. A simple phone call to the one nearest you gets you prompt service. In fact, we pay more than half of all claims within 48 hours of proof of loss.
