# Major Motions of May OPEU Board Meeting

The following are the major motions acted upon at the regular meeting of the OPEU Board of Directors held in Salem on May 8 and 9:

That the cost of District elections in 1981 be paid by those Districts effected, with the effected Districts having the responsibility for billing the Locals within their District for reimbursement.

Endorsed Button Day, Member Input Vote Day, Informational Picketing Day and Rally Day.

Adopted a new Section 9 to AP&P, Article VII, "Any Local may petition the Board through the UO Committee

for increased funds to operate the Local. Such petition shall be accompanied by a detailed budget request. The union shall set aside a fund to provide for such petition *not* in excess of 10 percent of the Local rebate amount budgeted for each fiscal year."

That the Employe Benefits Committee, or its consultant, contact Travelers, Bankers and Kemper insurance companies concerning OPEU endorsement of car insurance.

That the Board of Directors authorize the payment of expenses incurred by the Asst. Dist. Directors to attend the 1981 General Council and that such payment shall be made in the same manner as a regular Board member, and that the Asst. Dist. Director be allowed to serve in the absence of their Dist. Directors on the floor of General Council.

That the Board members outside District 2 have a subscription to the Salem Statesman-Journal mailed to them during legislative months.

That the chairperson of the Employe Representation Committee direct a strongly worded letter to BURC persons not present at the May 9, 1981 BURC Conference reminding them of their responsibilities and obligations during the bargaining period.

# State employees: Don't get bitten by taxes.

## The Benj. Franklin's Deferred Compensation Plan for state employees.

If you're a state employee, we offer an appetizing retirement program that allows you to sock away up to \$7,500—or 15% of your gross annual income—and defer income taxes until the funds are withdrawn. Here's how it works: You decide how much you want to put away each month. We'll take care of placing it in a Benj. Franklin Certificate of Deposit account.

You'll earn 11.5%, and income taxes applicable to your interest are also deferred.

It's a great way to save for the future, because the amount withheld from your regular paycheck isn't considered current income for federal or state tax purposes. So when you take it

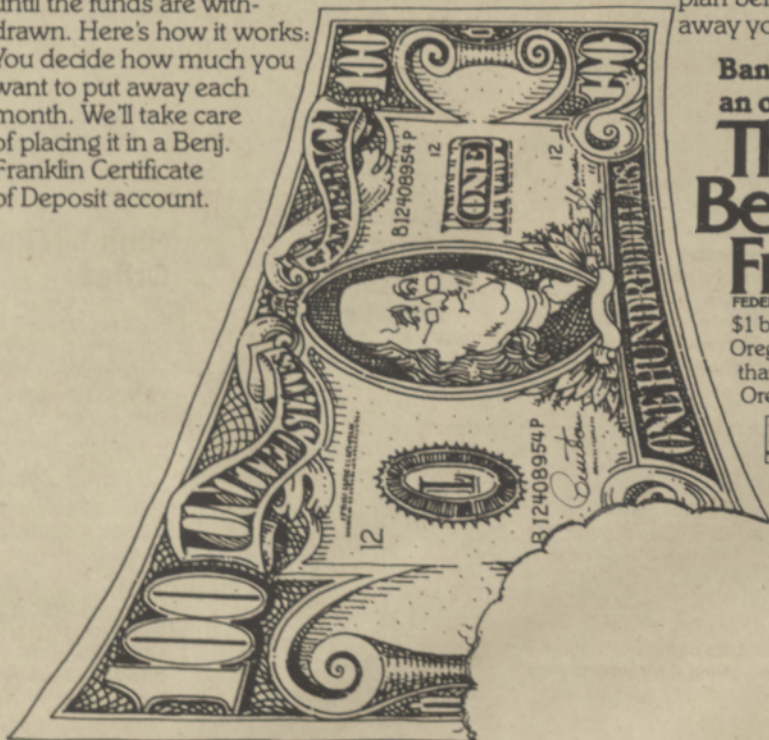

out upon retirement, you'll probably be in a lower tax bracket. That means more goes to you and less to the IRS.

Don't wait. The current enrollment period for State of Oregon employees ends June 30th. So visit The Benj. Franklin today, and sign up for a tax deferred savings plan before high taxes eat away your retirement funds!

Bank and save with an old friend.

\$1 billion strong. Serving Oregon since 1925. More than 50 offices throughout Oregon.
