

Is the cost of your car insurance catching up with the national debt?

If you're a careful driver, here's how you could save a bundle on your auto insurance, every year.

Most association members are getting pretty concerned about the rising cost of their car insurance. Unfortunately, as claims and other costs go up, insurance companies usually pass them on to their policyholders. But, you may qualify for an alternative that could save you money.

All insurance rates are not created equal.

Many people don't realize it, but all car insurance companies' rates are not the same. In fact, if you shop around, you can often save money. But who has the time?

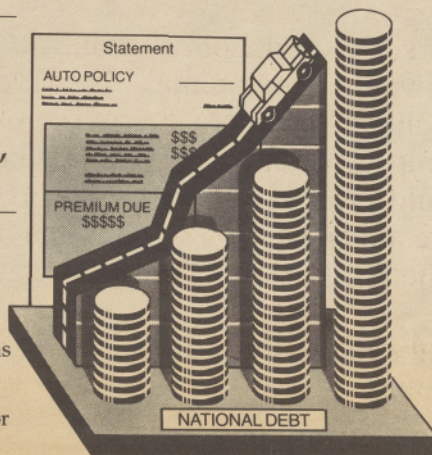

Your association did the shopping for you!

Your employee association has endorsed Nationwide Auto Insurance... because we can offer association members excellent coverage at very economical rates. In fact, Nationwide has been endorsed by more than 16 state and school employee associations.

As a result, employee association members all over the west are already saving up to \$60 — and more — each year, on every car they insure.

Why Nationwide could save you money.

Nationwide's rates can be lower because you buy your coverage direct, by mail or phone. That reduces sales and administrative costs... and Nationwide will be happy to pass

the savings on to you. But we don't insure everyone.

We've also earned our reputation for savings by insuring careful, responsible drivers. That lowers our risks... and your rates! (And even if you don't qualify for our lowest rates, in some states we can probably offer you coverage through one of our affiliates.)

Even with low rates, our service ranks among the best.

At Nationwide, low rates don't mean poor service. We have sales and claims offices in major cities throughout the West — all staffed with friendly professionals ready to serve you. And they're just a toll-free call away.

You may even qualify for additional savings!

As an association member, Nationwide may save you money in other ways, too, with special discounts if you insure more than one vehicle with us, plus more savings for good student drivers in your family, drivers 55 and over and drivers who keep their mileage down each year.

PLUS! 48-Hour Claims Turn-Around

On top of our lower rates, we offer just about the easiest, fastest claims service in the U.S. just phone our 24-hour "Live Wire" Claims Service. Most claims are paid within 48 hours after proof of loss!
