

*"It's the Election of 2006 that made what we accomplished in 2007 possible. Without a predominantly pro-labor legislature and governorship, the hard work we put into Lobby Days and our other lobbying programs would have produced slim results. We won huge for our members and for all of Oregon's working families in 2007, specifically because of the campaign work we did in 2006."*

**Kurt Kessler**

Dept. of Human Services, Medford  
CAPE Committee Member
