SEIU Local 503 Member Resource Center
Question of the Month

Q: Does the EVV (Electronic Visit Verification) system track a worker's movements through out their work day and off time movement?

A: No. The EVV system is only meant to capture the time and place the worker is at when they sign in and sign out of the system. The worker can sign out of the app or even turn off their phone.

The MRC is a department within our union where stewards and members can call for advice or assistance with workplace issues. The MRC can be reached at 844-503-7348, Monday through Friday.

SEIU 503 Board Condemns Racism, Fascism

In March, SEIU 503's Board of Directors approved a resolution condemning the recent rise of racist and fascist organizations in the United State. The resolution reads: "Therefore, be it resolved that SEIU 503 stands ready to join with the community in mobilizing against the clear and present danger that the provocations of the KKK, NSM, Traditionalist Workers party, and other racist and fascist organizations pose to us all."
