ABOUT THE CAMPUS

David Waddel, '03, has secured a position as census examiner for a district in Yamhill county.

Mr. Edward Baldwin, who left Eugene last winter for Whitman College, Walla Walla, is again at his home in The Dalles.

One of the most noticeable features of the U. of O. Monthly is the exchange column. The library department is also worth noting. Baker City High School Nugget.

On June 1st the Portland University will cease to exist and the alumni of that institution will be enrolled on the records of the Willamette University at Salem.

Dr. Strong visited the High School this month and spoke some kind helpful words to us, fraught with a strong man's experience and learning.—Baker City High School Nugget.

Miss Susie Bannard left Wednesday for Capitola, Cal., where she will represent the U. O. at the Pacific Coast Y. W. C. A. summer conference. She expects to remain until about June 1st.

H. D. Angell, '00, has been appointed census enumerator for his home, The Dalles, and will leave for his field of work next week. He will return to take part in the Commencement exercises.

The University of Colorado recently won a debate from the University of Kansas on the subject: "Resolved, That United States senators should be elected by a popular vote of the people."

The business men of Eugene are having printed on their letter heads and business envelopes a group of pictures of the buildings of the University of Oregon. It is a neat picture and makes a good advertisement for the State University.

The state universities of Wisconsin, Missouri, Iowa, Indiana, Kansas, Illinois, Minnesota, Nebraska, Colorado and Ohio hold annually an inter-collegiate oratorical contest. At the last contest held in Denver, Colorado, the University of Wisconsin won first place, with Ohio bringing up the rear.

The students at assembly Wednesday morning were addressed by Hon. Mr. Smith, of Grants Pass. Mr. Smith made a neat speech and brought out the thought that the world today needs not only efficient men and women but it needs men and women who are brave enough to obey the dictates of conscience and to do their duty at all times. Dr. Strong called on Manager Messner who spoke in behalf of the athletic team and called for payment of subscriptions to the expense fund.

The Sophomores are preparing for a picnic up the mill race tomorrow.

If you want to enjoy a good hearty laugh go and see "The Real Widow Brown" when she comes to the Parker, Friday, May 25th.

At the Y. M. C. A. meeting Wednesday evening, the following delegates were chosen to represent U. O. at the Pacific Coast Y. M. C. A. Conference at Pacific Grove, which meets the latter part of May: W. G. Beattie, '01, Arthur Gamber '02 and C. V. Ross '03.

The new university catalogue will appear about June 1st. It is being printed in Portland where the work is being rushed by the use of a linotype. The catalogue will contain much fuller information on the various departments of the university work, especially on the laboratories and geological collections.

Earl Sanders, who has been attending school at the State University, Eugene, returned home last night. Of late his eyes have been failing, and he has been forced to give up his studies on that account. Mr. Sanders says the other Dalles boys who are attending the University are getting along nicely, and will stand well at the final examinations. By a few months' rest he hopes his sight will be improved and that he will be able to enter school this fall.—The Dalles Mountaineer.

President Strong is making extensive preparations for the Commencement programme. The university students should arrange to stay for this week of college work for this year's commencement exercises promise an occasion of unusual interest. The full programme has not been perfected yet, but Rev. Edger P. Hill, of the Portland First Presbyterian church will deliver the Baccalaureate sermon. Commencement week is a function of the university that no true college student will miss, if possible, and we earnestly hope that the greater part of the university students will see to it that they remain for these commencement exercises.

It is evident that co-education in the University of Pennsylvania is not a success if the following extract from a report of a class meeting be true. The report is credited to the Minnesota Daily: "At a meeting of the Senior class of the college yesterday, it was decided to exclude the female students from any mention in the Class Record, as it was deemed that co-education was an institution contrary to the traditions and best interests of the University. The '00 men realize that the feeling against this evil is strong and very general throughout the University, and they have taken it upon themselves to head the movement which is to make it impossible for women to study at Pennsylvania."

STUDENT BODY.

There will be a meeting of the Student Body of the University of Oregon, Tuesday, May 22nd, at 11:30 a. m. in Villard hall. The annual election for positions on the staff of the Monthly will take place, and a number of important amendments to the Student Body constitution will be considered. A full attendance of university students is urged.

C. N. McARTHUR,
President.

Y. M. C. A.

The mass meeting held down town under the auspices of the Y. M. C. A. on the evening of the 13th was well attended. The addresses by President Lee and College Secretary Hanna were enjoyed by all who heard them.

Last Wednesday evening the regular meeting was led by J. Edger Tyree, '00. This was one of the best meetings of the year. Next Wednesday evening V. L. Holt, also a reverend senior, will have charge of the meeting. The subject for this meeting will be announced on the bulletin board.

The Hand book committee is hard at work. This committee is planning to get out the best book ever issued by the U. O. associations. It will probably be bound in fine leather and contain a cut of the university buildings. The book will be out shortly after the middle of June.

The Pacific Coast Students' Conference which meets at Pacific Grove, California, May 25th to June 3d, will have a larger delegation from the Northwest colleges than ever before. There will be at least twelve delegates from Oregon, and probably half that number from Idaho and Washington. The U. O. will be represented by three men: C. V. Ross, '03, J. A. Gamber, '02, and W. Gilbert Beattie, '01. These gentlemen will join the rest of the delegates from the Pacific Northwest on the south bound train next Wednesday, at 1:15 a. m. General Secretary Arn. S. Allen, of the Seattle Y. M. C. A. and College Secretary Stuart B. Hanna, will probably be members of the delegation. The boys from the Northwest anticipate a profitable trip and an earnest, prayerful, enthusiastic conference.

Dr. F. G. G. Schmidt, professor of the modern language department, closed his work in department last Saturday, and will leave tomorrow for Portland, from whence he will go to New York to take passage for Paris. He will visit the World's fair, and spend the summer traveling through Spain, Switzerland and Germany. He expects to visit his home in Germany before returning to his work in the university next fall.
