Cornell University Medical College
New York City

The course, covering four years, begins the last week in October and continues to June. A preliminary training in natural science is of great advantage. All the classes are divided into small sections for recitations, laboratory and clinical bedside work. Student are admitted to advanced standing after passing the requisite examinations. The successful completion of the first year in any college or university recognized by the Regents of the State of New York as maintaining a satisfactory standard is sufficient to satisfy the requirements for admission which have lately been raised. The annual announcement giving full particulars will be mailed on application.
