NEGATIVE IN DEBATE

(Special Dispatch to The Journal)
Whitman College, Walla Walla, Wash., Jan. 26.—Whitman College has decided to defend the negative of the question submitted by Washington State College for an intercollegiate debate: "Resolved, That cities having a population of 75,000 or more should own and operate their street railways." The debate will be held at Pullman sometime during the month of March. Whitman will be represented by Carl Helm, Harry Davenport and Clarence Morrow.—Oregon Daily Journal.

OUR ADVERTISERS

Students remember the business men who advertise in the Weekly. They are the people who have the best interests of the 'Varsity at heart and the upbuilding of Eugene as a university town.

College days are hard on the eyes, and it is a bad thing to neglect them, but a good thing to have them examined by a competent Eye-Specialist.

Dr. Franc Lucile Hard, Refractionist and optician, gives special prices to students.

Suite 1-4 New Chrismian Bldg.

Elegant Pianos Coming

For the Holiday trade we will show the finest and most beautiful instruments ever brought into the state. We will have some latest designs in BABY GRANDS, also many fine up-rights. Cornell University Medical College
New York City

The course, covering four years, begins the last week in October and continues to June. A preliminary training in natural science is of great advantage. All the classes are divided into small sections for recitations, laboratory and clinical bedside work. Student are admitted to advanced standing after passing the requisite examinations. The successful completion of the first year in any college or university recognized by the Regents of the State of New York as maintaining a satisfactory standard is sufficient to satisfy the requirements for admission which have lately been raised. The annual announcement giving full particulars will be mailed on application.
