The merit of the poem lies in its local color as well as in its literary excellence.

DR. J. WHITCOMB BROUGHER

Addresses Large Meeting of Young Men's Christian Association on Friday Evening.

Dr. J. Whitcomb Brougher, of the White Temple in Portland, spoke at Y. M. C. A. Friday night, basing his talk upon the opportunity once given to Solomen to ask anything he might choose. Said Dr. Brougher in part:

"What we need is not always what we want. If we had the opportunity to ask for what we wanted what would we ask? In prayer, we have this opportunity. Do we seriously consider what we want or do we usually ask for the nearest thing without any far-off vision that we have life to live and character to build.

"You are in college for an education. To be fully educated you must develop mentally, physically and morally. Elocution will give mastery over the body, the cultivation of memory will develop the mind; but higher than mind or body is the spirit of man that is related to God Almighty. Just as the mind is groping its way for a law to control matter, will the spirit ultimately control both mind and matter.

"Solomon, in choosing took four looks: back to his father David, who had succeeded only when doing the will of God; into his own heart, not overestimating his ability; out upon his opportunities for service; then up to God, and asked for a discerning heart.

"The power, through trained conscience, to discern between right and wrong, enables man to live by the laws which he cannot violate with impunity. Pres. Roosevelt once said to me: 'That's the great problem of life, to discern what is right. The problems are not clear white and clear black but two shades of gray.'

"Young men in college need then, power to discern right and wrong. They need also the courage to do the right. Thirdly, they will profit by the rigorous cultivation of a clean life. Then they will be happy when doing right. For the power let them look to Jesus Christ, who stands for all that is high and pure and can make them what they should be."

The Portland Chamber of Commerce recently passed unanimously a resolution favoring a liberal appropriation for the University.

The seniors will attend assembly in a body on Wednesday, wearing caps and gowns for the first time.
