### Engineering Club.

The next meeting of the Engineers' Club, at 8 o'clock next Friday evening in Dr. Boynton's lecture room will be addressed by Percy P. Adams and Leroy Wood. Mr. Adams, whose class has made such accurate base-line measurements this year, will speak on "Precise Angle-measurements." Mr. Wood will talk from personal experience on "Gold-dredging in Alaska." Mr. Wood has had several years' practical experience in this line and his address will be of particular interest and instructive value. All interested are invited to attend.

A meeting of the Mucker's Tennis Club will be called soon to determine whether a team shall be sent to Seattle to compete in the championship tournament to be held there next spring. One plan that has been proposed is to defray the expenses of a team by holding a tournament in Eugene, charging a moderate fee from each person entering the competition.
