### Philolgian Society.

The Philos held an interesting meeting last Saturday. An interesting debate was held on the subject, "Resolved, that missionaries should not be sent to India." The affirmative team, which won a close decision on the argument presented was greatly strengthened by the work of Satya Deva, a Hindu member of the society, who is of course, thoroughly versed in the Indian aspect of the question. After the program, some routine business was transacted. The next meeting of the society will take place on the first Saturday following the resumption of college after Easter vacation.

Nine members of last year's baseball team at Dartmouth have been debarred from future participation in athletics in consequence of a manifesto recently issued by President Tucker. He declares that baseball has proved demoralizing to the college on account of the commercial element that accompanies it; and unless some radical reform can be effected it must be forbidden.—Wave.
