## Varsity Will Meet Grads.

Alumni and Varsity will meet in football October 17. There has been a great rattling of dry bones among the alumni and a formidable team of "has-beens" will face the team of 1908 on Kincaid field two weeks from last Saturday. Among the men who will play for the alumni are Gordon C. Moores, Henry M. McKinney, Jack Latourette, Virgil D. Earl and C. A. McClain. Others of just as great fame are contemplating playing, but have not announced their decision.

## Y. W. C. A.

The first meeting of the Y. W. C. A. was held last Tuesday, and a good start for the year's work was made. The president, Ruth Balderee, led the meeting, and gave a most hearty welcome to the new students present, and briefly outlined the association work for the winter in an enthusiastic manner.

President Campbell then addressed the meeting and his talk was helpful and greatly appreciated. He spoke first of the value of organization, comparing the machinery of work to the ditches necessary for irrigation. To be of value and to become a factor in the student life, the association must accomplish definite practical things; strength does not lie in words, but in efficiency. The steam engine was an apt illustration, and President Campbell pointed out that it is the steam which is blown off that makes the most noise. There are certain definite things for the Y. W. to accomplish—Bible study is an important thing and the intention must be kept in mind to make a campaign with the Y. M. C. A. for a building in the near future. The talk was concluded with cordial good wishes and assurance of the support of the faculty.

Next week is to be the conference meeting, and the nine girls who represented Oregon at Seaside in June will report. The meeting will be full of the conference spirit.

Wm. Rueter, ex-'10, is working in the office of the city engineer in Portland this fall. He plans to return to college next year.

J. G. Schroeder, editor last year of the O. A. C. Barometer will attend the Oregon Law School.

Moving picture films have been made showing Smithson, Kelly and Gilbert in action at the Olympic games.
