

his shoe. Sam Miller stepped into the bog with a determination to win and the P. A. did not make another move after he began to pitch. He had a narrow escape for a finger as he caught a ball right from the bat, bare headed. The ball struck him right between the third and little finger of the right hand, the same hand he was pitching with, and split the fingers apart fifty half an inch, but he got his men out just the same. His hand was tied up and he finished the game just as though nothing had happened. Peace was restored and the boys got down to business again, and in the seventh inning had another home run. Thomas Young was at the bat and made a three base hit which brought all the runners safely home. Six tallies were made in this inning. With a few exceptions the game was a clean one all the way through and we hope to have many more of the same kind in the near future. John Foster won the game and gave both sides a hard workout. Some of the boys did not do as good playing as was anticipated, but the majority did well.

Following is the line up and score by innings:

CLASS HISTORY.

CLASS OF 1902.

This school was opened in February,

1880 with 18 children, 14 boys and 4 girls. It was first opened by Forest Green.

The appropriation for the school at that time was \$6,000 a year to support 20 pupils.

The first man appointed as superintendent was Capt. W. C. Wilkins.

Later on in 1883 this school was moved to its present location. It then had an attendance of 225 pupils. It was in 1887 that the first class graduated from this school. The class consisted of 21 members 10 girls and 14 boys.

The graduating exercises were held in the St. George on the west side of the railroad track and was attended by many of the leading citizens of Sitka.

None of this class were present at their forty graduating exercises. Since that time only graduating classes have received diplomas from this school. Many of them have proven themselves able to compete with their white brothers and sisters while others have not done so well. Looking over the records of the pupils of this class I find the dates of their arrivals at school as follows:

Arthur Bonnell, Aug. 28, 1891; Thomas Young, Nov. 7, 1892; Alfred Gillis, Dec. 28, 1892; Thos. Chalmers, June 30, 1893; Nicholas Lewis, Nov. 22, 1893; William Ingram, March 26, 1894; James Smith, March 26, 1895; Joseph Maria, Sept. 16, 1895; Andrew Beard, Aug. 9, 1896; Stephen Knight, Nov. 30, 1895; LeVraa Woodworth, Nov. 20, 1896; William Melrose, Oct. 5, 1900; Charles Alexis, Oct. 11, 1900; Joseph Scanlon, Dec. 12, 1901; John Raitt, Aug. 11, 1900.

A class organization was not effected until the spring of 1901. The class was then organized as the class of 1902 with a membership of 20, four of whom have left us. Officers were chosen to serve for an unlimited term. Alfred Gillis was elected president and has served most faithfully.

We shall carry through life the memory of some very pleasant and helpful class meetings and of a few not so pleasant whose discussions were lively but whose excitement and heated arguments threatened
