

Tulalip Notes.

Dr. Buchanan Has Been Notified That
Plans Have Been Completed
For Its Construction.

Before many days have passed away it seems more likely that actual building operations will have been begun at Tulalip. Dr. Buchanan, the superintendent in charge of the agency, reservation and schools of the Tulalip agency, has been recently informed by the Commissioner of Indian affairs that the architects have practically completed the plans for the school plant and that an official who is a practical engineer has been detailed to Tulalip to draw up and plan a practical, modern and efficient water and sewerage system for the school. Tulalip possesses excellent water power which will more than likely be used as a source of electric light and power for the new school.

The Indian office has expressed a high degree of satisfaction with and confidence in the methods and management of Dr. Buchanan and agency and school affairs as in an excellent condition generally.

Dr. Charles F. Maxwell, of Louisville, Ky., has been appointed physician to the Tulalip agency in place of Dr. W. J. Stephenson who was promoted to a higher position at the Chemawa United States Indian boarding school at Chemawa, Oregon.

Mr. Herman Kollensborn, formerly of the Standing Rock agency, S. D. (the place where Spring Hill was killed), has effected an exchange with Mr. A. B. Arnold, agency carpenter at Tulalip. Mr. Arnold is now at Standing Rock and Mr. Kollensborn is at Tulalip. Both men have the reputation of being very good mechanics.

Manager Edwin Brown, of the C. & E., passed through to Newport last Friday evening with a company of railway officials, one of whom was General Freight and Passenger Agent W. E. Covert of the Southern Pacific. The party visited Soul River Saturday, returning to the valley Sunday on a special. It is understood that the Southern Pacific Company will meet a fine large hotel at Newport next season. —Lincoln County Leader.

On one occasion a missionary gave an instructive talk on the solar system at a small church on the Indian reservation at Onondago. The building was well filled with heaves and their wives, who listened attentively to his description. Incidentally he mentioned the fact, of course, that the earth revolves about the sun, and also turned over once in twenty-four hours. Early the next morning the missionary was awakened by a knock at his door. He answered it and found an Indian, wrapped in a blanket, standing on the porch. "Why, Ohaga," said he, "is there anything the matter?" "Missionary lied," grunted the Indian. "I lied? What do you mean?" "Missionary says world turns over every night. Injun go home, set up stick, put apple on stick. If world turn over, apple fall off. This morning apple on stick. Missionary lied. Hah," and with a parting grunt he strode away down the path. —[Ic.

The Alphabet of Success.

Attend carefully to details.
Be prompt in all things.
Consider well, then decide positively.
Dare to do right, fear to do wrong.
Endure trials patiently.
Fight life's battle bravely.
Go not into the society of vicious.
Hold integrity sacred.
Injure not another's reputation.
Join hands only with the virtuous.
Keep your mind free from evil thoughts.
Lie not for any consideration.
Make few special acquaintances.
Never try to appear what you are not.
Observe good manners.
Pay your debts promptly.
Question not the results of a friend.
Respect the counsel of your parents.
Sacrifice money rather than principle.
Touch not, taste not, handle not, touch eating drinks.
Use your leisure for improvement.
Venture not upon the threshold of wrong.
Watch carefully over your passions.
Extend to every one a kindly greeting.
Yield not to discouragement.
Zealously labor for the right, and success is certain.—[Ladies' Home Journal.
