

Our 23rd Birthday.

On Wednesday last, February 23rd the 23rd anniversary exercises of the Chemawa school were held in the assembly hall. A very fine program was arranged and well received.

Superintendent Patten presided over the meeting and made a few introductory remarks concerning Chemawa's past, present and future.

Assistant Superintendent Campbell was down for the address of the evening and his remarks were very appropriate, interesting and helpful to the pupils and employees.

The musical part of the program was also greatly enjoyed. Miss Irene Campbell's original song entitled, "Chemawa" was a surprise and received a hearty encore.

All present were greatly enthralled and left the hall feeling more determined than ever to live and work for Chemawa's continued growth and success.

Killed by the Cars.

Joe LaFlinholme and Willie Hayes ran away from Chemawa last Wednesday evening and on Friday morning the cotton of Gold Hill wind Superintendent Patten that Willie Hayes had been run over by a freight train and killed. It was very sad as Willie had always been a good boy and this was his first attempt to run away.

Mr. Campbell went to Gold Hill and attended the funeral of Willie Hayes at that place and brought Joe LaFlinholme back to school.

Exchanges.

The CHEMAWA AMERICAN has a good lot of exchanges as any school paper or small magazine could desire, and in order to more freely make such comment or criticism as we may see fit, with this issue we start an Exchanges column, and will devote as much time as possible to our exchanges, and make this department one of the attractive features of our paper.

The initial number of the Dallas Collegian has reached our desk. The cover design is very neat, and the inside is well written and very interesting. It is with pleasure that we put you in our exchanges list.

The March number of The Nugget reaches us this month in a very pretty and appropriate cover, printed in two colors with a view of the capitol building of Montana in the center. The Nugget is one of our best exchanges.

The February Hotack has a very pretty cover design, and has some interesting short stories.

It is not birth, nor rank, nor state,
But 'go-up-and-go' that makes men great."—(Ex.)

Trouble has a trick of coming
Dart and fret;
Viewed approaching, then you've soon it
At its worst.

Once surrounded, straight it waxes
Ever small,
And it tapers till there's nothing
Left at all!

So, whenever a difficulty
May impend,
Just remember you are facing
The butt end;

And that looking back upon it,
Like a dot,
You will marvel at beholding
Just a dot!—(RHOWEN C. HART)

We are all glad to have Jessie Symington back in the Sewing Room.

The Sewing Room girls are glad to have the school dresses finished, and are now ready to make the duck dresses.
