

From Carlisle.

The Chemawa pupils, who went to Carlisle last fall to complete their education and into contact with eastern civilization, write most flattering letters about that fine institution. They are making rapid progress in their studies and are determined to improve every opportunity to the fullest extent, all of which please us very much.

Beulah Markleton and Vina Woodworth have entered the Seniors class; Alice Heater is in the Junior class; and Josephine Maria, Marie Reynolds, Ma LaFlumbow and Wai. Behane are Sophomores.

Has Been Promoted.

Superintendent D. D. McArthur, of Siletz, who has been visiting the Salmon Indian Training School at Chemawa, departed from that place on a northbound overland train last evening en route to Fort Mohave, Idemo, having been promoted to the superintendency of the Fort Mohave Indian School. Superintendent McArthur is a staunch friend of this district and could not leave without first paying a visit to Chemawa.

Mrs. A. J. Standing wife of A. J. Standing who for many years was Asst. Superintendent of the Carlisle school, died at Cascade on the 12th of February. Her many friends throughout the Indian service will be greatly shocked and grieved to hear of the death of the estimable lady. Mrs. Standing was a devoted wife and mother and our hearts go out in sympathy to Mr. Standing and his family.

We are glad to know that Mr. Jno. T. Drvey Bremer Brooks-Smith, at this school has not forgotten Chemawa and renews his subscription to the American in a very nice little letter which he writes, stating that he missed getting last week's illustrated number and that he and his wife and family are as eager as ever to receive our little paper.

Exchanges.

The February issue of the *Primo Owl* has an extensive and well written exchange column.

Cronson and White for February is a very neat little paper, but your exchange column is not very extensive.

The *College Broomstick* for February is an interesting as ever and contains a very good story entitled "An Indian Tale of the Middle West."

The February number of the *Wichita High School Messenger* has reached our desk. The cover design is very neat and appropriate and the paper contains a number of short interesting articles. It is with much regret that we notice that with this issue of the *Messenger* the present editorial staff retires and a new corps of officers takes charge of the paper, but we sincerely hope that the new officers will keep the paper up to the present high standard attained by their predecessors.

It will interest many readers to know that Miss Estelle Reel, the Superintendent of Indian Schools, was recently nominated by the Republican party for Governor of Wyoming. She was obliged to decline the honor, being below the age limit set for that office.--[The Indian Friend.

Grand Junction School.

Pupils and employes are busy at work.

Sixth grade pupils are studying synonyms and antonyms.

Franchise day and Lincoln's birthday were both observed with appropriate exercises by the pupils.

The equestrian pen picture of Washington, by Willie Fols, has been much admired by our visitors.

A flag, in colors, with a calendar across it, makes a suggestive and useful ornament for a school room.

It is strange that some fellows can't blunder into a printing office without making a lot of pi.
