

## Umatilla Commencement.

On June 4th the Umatilla Boarding School, known as the Model Reservation school of the country, will hold its commencement exercises, to which a most cordial invitation is extended to all friends of Indian education.

It will pay employes of other schools to visit Miss Gaither's splendidly conducted school of 100 pupils and they can rest assured of receiving a most hearty welcome from Major Wilkins, Miss Gaither and the other officers of the school. Superintendent Buchanan, of Tulalip, and Superintendent Potter, Mrs. Theisz and Miss Dohse of Chemawa will attend, and many others from other schools hope to be present. Pendleton's best citizens are proud of the Umatilla school and no doubt there will be a great many present on this occasion.

Supt. Potter arrived last night from Idaho and Montana where he was detained by the recent storms and thus much to his regret was unable to get back in time to meet the President at Chemawa.
