

EIGHT YEARS OF PROGRESS.

Last Friday, November 20, Mr. Potter celebrated his eighth anniversary as Superintendent at Chemawa. He assumed charge on November 20th, 1895, when the school had less than 200 pupils, and should feel gratified to see the large increase in attendance and the large number of improvements made since then. Many large new brick buildings have been constructed. Steam heat and electric light plant installed, cement walks and many other things, too numerous to mention, have been accomplished, which has added much to the beauty of the place, comfort of the pupils and betterment of the school. The number of employes has also grown from 30 to 50.

THANKSGIVING DAY.

Owing to the lack of space we are unable to give an account of our Thanksgiving festivities, other than that the day was much enjoyed by every pupil in Chemawa. An interesting program was rendered in the chapel in the morning; Col. Hofer, editor and proprietor of the Daily Capital Journal, and the idol of the Indian boys and girls of this school, was present and delivered an address that started, early in the day, every heart to beating with joy and thoughtfulness. At noon a delicious dinner was served in the dining hall, every employe being present to carve the turkey and serve the pupils. In the afternoon two football games were played. Chemawa winning from Willamette University by a score of 2 to 0. At Gervais Chemawa second team was defeated by a team composed of Mt. Angel players and "picked" men from the outside. Score 20 to 0.

IN SCHOOL ROOM AND OUT.

Beautiful sunshine.

We are seven years old today.

Spring weather has come again.

Miss Irene Campbell has six music pupils.

Miss Logan addressed the school on Sunday night.

We all enjoyed Mrs. Chubbuck's talk at Sunday school.

The tailors are busy making a fine black suit for Mr. Woodin.

Mrs. Hilb is rapidly regaining strength. We are glad to see her again.

What is the Babcock test? Chemawa boys and girls can tell you.

Willie Blodgett is making a pair of trousers for Inspector Chubbuck.

Did someone say Santa Clause? No we must have been mistaken—too soon for him.

Mr. Beard accompanied the Reform School football team to Chemawa last Saturday.

Mrs. Cloutier is telling us of the settlements and discovery of the Northwest Territory.

Miss Blanche Charnley left on the Wednesday evening overland train for Yreka, Cal., to be gone a few days.

Herbert Campbell has gone to Eugene. He attended the game between Corvallis and the U. of O. and was happy to see his College win.

Miss Hultman is teaching pyrography to some of her pupils. Pyrography is done by burning wood and producing very artistic effects.

Mr. Cooper is putting out more rose bushes. Portland will have to watch out or Chemawa will have more roses than the "Rose City."

Mr. Chas. H. Lowe, a prosperous farmer and stockman from Lewiston, Idaho, surprised his many Chemawa friends on Thanksgiving day who were glad to see his genial face once more. Mr. Lowe was formerly an employe here and for two years was industrial teacher at Hoopa, Cal.

James Smith, who had his leg hurt while playing football at Albany, seems more concerned over the fact that he will be unable to play against Willamette on Thanksgiving than he does over the injured limb. James is plucky and will soon be out again and ready for another scrimmage.
