The Chemawa girls' basket-ball team feel proud of their victory over the girls of the O. A. C. and well may they do so, for it is certainly due them after winning their first game from so formidable an adversary as the O. A. C. girls showed themselves to be. Our girls however played superior ball winning only on their fine passing and quick shooting. The score 19 to 11 shows the result of the game. The Chemawa girls have nothing but praise and thanks to offer their O. A. C. friends for the courteous treatment.

It was last Saturday when two of the Hiawatha members went to town for the purpose of procuring eatables. Did they get it? Well if you were lucky enough to be present at the party you surely tasted it, yes "it" the cake, lady fingers, ice cream, oranges, and orange punch were delicious. Games of all sorts were enjoyed, but the feature of the evening was made by Martha Decker when she made a "B flat," she was given a hearty applaud. It was without doubt the best social event of the season of course we cannot give the band too much praise for the way they played that night, they seemed to be at their best.

Last Monday forenoon, as it was Lincoln's birthday, the pupils of the sixth grade had a debate, over which Mrs. Spink presided. The question was, "Resolved: That Washington was a greater man than Lincoln." After the subject was thoroughly discussed the debate was thrown open to the house, James Sloan

was the only one who was willing to speak. He tackled the subject vigorously, and after his discussion, the judges were called upon to hand in their decision to the chairman, and the affirmative was unanimously decided. The speakers for the affirmative were as follows: Peter Seltice, John Peazzoni and George Williams; and Alice Williams, Clarence Bardwell and Eugene Williams on the negative side. After the decision, Mrs. Spink gave an encouraging talk on the subject.

Valentine Party

The annual party of the juniors and seniors given on St. Valentine's day was a grand success and the pupils deserve a great deal of praise for their efforts made for the entertainment of their guests.

The decorations consisting of Oregon grape and evergreens mingled with national colors were very unique and pretty. Benches and tables draped with red cloth were placed around the room.

The post office, which was stationed in one corner of the room, was a scene of great interest. All sorts of Valentines causing great enjoyment and merriment were received through a heart shaped postal window.

Excellent music was furnished by a selected orchestra of eight pieces.

Bow and arrow shooting was enjoyed by all. The target was a red heart but very few who tried succeeded in hitting it. Pickering Chalcraft, who was very active in gathering up the arrows that went flying across the room, won the name of "Cupid."

Suggestive of the occasion, each guest was presented with a heart shaped souvenir baskets filled with candy hearts, heart shaped cakes fruit and nuts while a mere substantial lunch of cake, coffee and ice cream, was served by the young ladies and gentlemen.
