EXCELSIOR—The Excelsior Literary Society met in their usual place and held a business meeting. Part of the time was taken up in argument about our colors for this term, but it was understood that the colors should be purple and gold and it was also understood that they should be there ready to be given out at the next meeting. The next for argument was about a reception which was suggested by one of the members. After settling that question we had a few short selections and then adjourned.
