

Nobody would have believed that "It was the Dutch" boys were Indians. They had the very best kind of a Dutch get up and were the hit of the evening.

Mr. Beck the tailor made the costumes for "The Mistletoe Bough" and they were very correct in style—the old colonial style and very becoming to the wearers.

Mrs. Campbell received a letter from Mr. Stelzner. They were at Red Bluff Cal., visiting friends of Colonel Randlett. They send their regards to all Chemawa friends.

Bessie Chiloquin's recitation was heartily encoored on Wednesday night, last week, and she gave in response, "Especially Jim," was one of the best ever heard here. Bessie will make a fine elocutionist.

Mr. Campbell had three chickens for Sunday dinner and Mr. Spink had hard boiled eggs and sardines. However, early Monday morning Mr. Spink ordered 4 pig's feet, spare ribs and bacon. Piggies' trotters evidently were in good shape for they reached the mile post down the railroad track that evening, after supper.

The office has a new way of sending us the pupils' items. On a long sheet of paper were pinned many slips of paper each slip contained a pupil's item. We greatly appreciate this idea as it facilitates our work some way or another. The pins are what we are after. Now don't ask us to return the pins.

Mr. Campbell has received a number of interesting photographs from Mr. Coffin, the first superintendent of Chemawa. They show the first pupils of the school chopping down trees and getting the place cleared. There is a picture of the first graduating class, the band, the tem-

porary quarters erected for girls and boys and many other exceedingly interesting photographs.

Mr. Swartz surprised the printers by telling them a few points about type. He seemed to know all the names of the type; and just before he went out he said: "I think I ought to come in once in a while and show you boys how to do job work, but it was quite a long time since I used to work in a printery." There he went out and one of our student printers or "devil" said: "You all right kid!"

### Program of Last Week's Entertainment
