

LOCALS

We are having beautiful weather.

Thomas Holden is a good, faithful janitor.

Harry Long has entered the sixth grade.

Mr. Cooper is busy getting the grounds in order.

Mr. Campbell is busy getting his lawn in shape.

Mrs. East had visitors from Salem Sunday.

We are sorry to hear of Mrs. Campbell's indisposition.

Mr. Campbell went to Woodburn on Friday evening.

Floyd and Willie Hayden returned to the school Sunday morning.

Mr. Chalcraft went to Gervais on Sunday on business for the school.

Alice Swartz gave a party Monday in honor of her little sister's birth day.

Willie Ingram was out from Salem on Sunday visiting friends at Chemawa.

We are pleased to report the continued improvement in the health of Peter Seltice.

Mrses. Chalcraft and Spink and Miss Irene Campbell went to Salem Wednesday afternoon.

Mr. Spink countermanded the order for that ice cream on Thursday, but it got here "allice samee".

Quarterly tests are occupying the minds of the pupils of the 6th, 7th, and 8th grades this week.

Company C have moved into their spring resort new quarters. They seem to enjoy very much being there.

Frank L'Heureux led the 6th grade this month, his average being 97 per cent. Now let's see who will get the best average at the quarterly test.

Mrs. Campbell went to Portland on Friday evening, returning on Saturday evening accompanied by her son, Herbert, who spent Sunday at Chemawa.

A pleasant party was given by Mrs. Spink on Thursday evening "Progressive Flinch" was played. The prize winners were Mrs. Campbell and Mr. Chalcraft.

Miss Noble, of Carlisle, writes that a number of Carlislens will attend the N. E. A. at San Francisco this summer. We hope they will find time to visit Chemawa.

Iva Dodson made the highest monthly average in the 7th Grade for the month of March, 96 per cent. Harry Queachpalma came next 95 per cent. We omit to tell who made the lowest, but it wasn't bad only 85 per cent.

The remarks John Benson made at the Haysville S. S. convention, on the subject of Temperance, were a credit to himself and also to the school. The programs printed by the Chemawa Printers, recieved much praise by the convention.

Silas Moon visited the school rooms on Monday afternoon and bade good bye to his friends. He addressed the pupils of the 6th grade and the remarks he made were worthy of the fine, earnest young man who uttered them. Silas left for his home in Alaska.

Five boys and five girls of the 7th grade made 100 in Arithmetic. The following are the bright mathematicians: Ella Brewer, Louise Murray, Nora Mann, Hattie Mann, Tillie Souvigner, Louis John, Alfred Lane, Harry Queachpalma, John Sulkey and Benjamin Wilson.
