ENJOY THE spring, boys and girls, enjoy it. Watch old mother nature's cunning hand as she puts on her garb green, and wonder at the beauty of it all. Don't forget, also, to ask yourselves why all this world was beautifully fashioned by the great architect for your enjoyment. This revival of nature is a wonderful thing, and there is a lesson in it for us all. The sap of life is in the leafless tree, and which devoid of its green covering stands a gaunt, sorry looking skeleton of its former self, not dead actually, but to all appearances lifeless. It is just the same with your body and mine. We possess the gum of immortality, and some day our Spring will come, and our bodies, to all appearances dead, will burst forth again into life that knows no ending. Yes, there is a lesson in Springtime for us all. Heed it my friends, school mates, for it is nature's way of reminding us of its revival and ours.—Anonymous.

OUR GIRLS basket ball team have disbanded for the season and is doing to leave record clear of defeat. They played but two games though the first with Corvallis which was a victory, the score being 19 to 11 in favor of Chemawa. The Albany team last to meet our girls by the score of 43 to 3. These two games however was sufficient proof that our girls played the game to win, and all other teams were well aware of this fact as they were in no way inclined to complete with us for the championship which we can rightly claim.

THE BASKETBALL SEASON came to an end with the game at Newburg. The season was indeed a lively one for Chemawa. More basket ball was played this year than during any previous season. The boys played the game before this time but never before have they had a thoroughly organized team drilled and acquainted with the rules of the game as this year's team, and it is not an unwise prediction to say that another will put our team to the front ready to play the best of them and give each a hard run for the championship.

### Have't Time

Among the speakers at the great educational convention held at Asbury Park last July, was President Roosevelt. A little incident of his visit, not upon the official records of the convention, is told by the local papers. There was at the time in Asbury Park an old lady who owned an autograph album containing the names of all the presidents from the time of Lincoln, and she was very anxious to complete the collection with President Roosevelt's name. Through the kindness of friends, her grandson was given an opportunity to meet the president as he was going to the platform.
