

Nora Mann is making a beautiful creamy silk dress for her summer gown.

A baseball was played on our local diamond, Thursday afternoon by the hospital force. Mrs. Teabo proved herself an expert batter.

Matilda John has been appointed to take care of the flowers around McBride Hall again this spring as she takes good care of them and enjoys tending to them.

An entertainment was given by some of the boys in this school for the benefit of the San Francisco sufferers on Thursday evening, another one will be given tonight by the Salem Y. M. C. A.

The Y. W. C. A. held its meeting in the usual place last Wednesday evening. LaVina DeVault was the leader. Her topic was "Christain Joy." She gave a fine talk after which Miss Bowman and Mrs. Chalcraft spoke some very encouraging words to the girls.

Miss Irene Campbell collected money from the pupils of Chemawa for the San Francisco people. Flour was bought into the money collected and bread was baked under the direction and supervision of Mr. Teabo in the school bakery. 830 loaves were sent off on Sunday morning the result of the first baking.

The great earthquake which destroyed one of the finest cities on the Pacific Coast will be remembered for centuries to come, it will serve as a new epoch in the history of our country. It surpasses the fires of Chicago and Baltimore combined. It can be better imagined than explained, how terrible it must have been for the people. Just imagine, one minute they were happy and had beautiful homes, and were millionaires; the next minute they were penniless and homeless. They are down but not out as they are ready to start life anew.

Chemawa vs. Salem High School

The Chemawa Indians met the Salem High School on the Chemawa diamond on Saturday afternoon at 3 o'clock and the Indians put scalp No. 1 in their belt to a tune of 11 to 4. This was the Indians' first game and after only a week's practice, as their grounds have been overhauled and they have now one of the best track and athletic fields in the state Poland pitched an excellent game, striking out 15 men. While the game was snappy yet at times it was ragged and errors were made which showed the lack of practice and team work on the part of the Indians who outplayed their opponents. The lineup was as follows:

Salem High		Chemawa
Keenes	p	Poland
Jones	c	Teabo
Hargrove	1b	Queachpalma
Fisher	2b	Washoe
Harrison	3b	Ca-ey
Roberts	ss	Bagnell
Ey,e	cf	Bear
Smith	rf	McCully
Perkins	lf	Sorter

Salem has not only the capitol, but a number of large state institutions, some of which, including the insane asylum and the penitentiary, it was my privilege to visit. With an old time Chicago friend it was also my privilege to drive out to the government Indian school at Chemawa. It is a large school numbering about five hundred eighty Indian boys and girls, and shall not soon forget the courtesy of buildings and grounds, and explained what the government is doing for these Indian wards.—THE SEATTLE CHURCHMAN
