

The doctor now goes to each building after each meal to see the boys and girls that are not feeling well.

Mr. Forbes' subject Sunday evening was "Success." Every boy and girl seemed to be touched by this world's great word. In the many examples that he had shown us we found it out that success can only be obtained the way a person makes it.

The second baseball team played two games against the two pick up teams last Saturday. The teams put up a hotly contested game, but the results at the end the second team came out victorious in both games. Much improvement has been shown by the second team during the last three weeks of practice.

On Monday evening the first steps were taken toward organizing a track team. The track has been put in shape and as most of the boys are already in fair condition through baseball and other athletic work it will be the work of but a few weeks to have a first class track team into shape. In the weight and sprints Chemawa is very strong.

Last Saturday evening, Mr. I. B. Rhodes, Secretary of Young Men's Christian Association for the states of Washington, Oregon and Idaho, gave a very interesting and instructive talk to the members of the Chemawa Y. M. C. A. He is travelling all over these states visiting all the schools, universities, and colleges' associations.

A very enjoyable taffy party was given by Mrs. Cloutier for the junior and seniors last Friday evening. The early part of the evening was spent in conversation and giving riddles, and while the taffy was cooking a guessing contest called a "Vegetable Menu," was introduced. Rob-

ert Davis won the first prize and Bessie Boles the booby prize. Inexperience in the art of taffy production was the cause of the party continuing until a late hour, and the young people had the pleasure of pulling candy by moonlight, as the electric lights refuse to shine after 10 p. m. at Chemawa. The boys and girls thank Mrs. Cloutier for the pleasant evening spent.

On Saturday the Chemawa baseball team went to Dallas and played the Dallas college baseball team on the college grounds. Our boys were defeated by a score of 14 to 9. Chemawa tried out a new pitcher, Washoe and in the third inning he was touched up for 8 runs and three more came over the plate in the fourth. With the score 12 to 4 against us Poland was put in the box in an effort to pull out the game and he allowed but two more runs while Chemawa score five more. Both teams hit the ball hard through the entire game and both teams made several errors hence the large score. A return game will be played at Chemawa on May 26th and we will then endeavor to regain our last laurels.

A BLUSH

A blush is a temporary erythema and calorific effulgence of the physiognomy, etiologized by one perceptiveness of the sensorium when in a predicament of unequilibrium from shame, anger or other cause eventuating in a presis of a vaso-meter filaments of the facial capillaries, whereby, being divested of their elasticity, they are suffused with a radiance emanating from an intimidated proecordia.—Ex.
