This is the first time that I was ever away from home.

I started from Crescent City April 16, 1905. We traveled the first day in a wagon drawn by four horses, we started early in the morning, to go up a hill, and it took nearly all day to go up. I walked about 4 miles. The road was very rough and it was something terrible to ride over the big stones. We reached the railroad at last, and then we got on the train. I saw many things I had never seen before. I saw much pretty scenery on the way. We arrived at Chemawa April 19, I was very glad to get here.
