

Some Letters.

Auburn, Washington.

Supt. Indian School,
Chemawa, Oregon.

Dear Sir:

I am sending you this letter to find out if I am to furnish my daughter's ticket to return to school as I was told by our agent that after her stopping three years at the school, I would not have to send her back by my own money, if you folks want her back to school.

Marilda always talks good of your school and I am willing to let her go back to school this fall. I can tell you this much just now judging from what Marilda does and her work, that she has improved a great deal while she has been in Chemawa and I am very thankful too, and wish to thank her teacher and instructors and the superintendent and all others who have helped her and hoping that if she go back that she will learn more.

Hoping to hear from you soon and let me know about the ticket, I am,

Your friend,
John Newhalkin.

Deer Harbor, Washington.

Supt. Chemawa School,

Dear Sir:

I take pleasure in dropping you a few lines to let you know that my sisters got home alright and I am more than pleased to see that they have improved so much. I wish to thank you very much for what you have done for them.

I am,
Yours truly
H. T. Cayton.

Gardner, Oregon.

Mr. Edwin L. Chalcraft,
Chemawa, Oregon.

Dear Sir:

It gives me pleasure to inform you that your kindness in permitting my daughter Anna, leave of absence from school during vacation, has had a most beneficial effect on the health of her mother. From the moment she beheld her daughter, she has gained in strength until now she is entirely well. Anna also is well and has been enjoying an outing at the Ocean Beach.

Thanking you most sincerely for your kindness, I promise again to promptly return Anna for school, and will gladly reciprocate all favors should occasion permit.

Yours very truly,
H. C. Miller.

Neah Bay, Wash.,

Mr. Edwin L. Chalcraft,
Chemawa, Oregon.

My Dear Friend:

As I am in a hurry I have my son Webster to go with me to Quillayute, as we have a business site to attend to and also that Gordon wanted to go home first before he goes to Chemawa. If you will please

excuse my son Webster and Gordon this time, and oblige. Write me at Mora, Wash., as we are going home today to Quillayute.

I will take the boys to Clallam on my wagon when they go. Oh, how glad I am to know the treatment of my son down to that training school. The reason I took Webster to Quillayute for I want him to select good business site at Forks, Wash. I will wait to hear from you.

From yours truly friend,
Henry Hudson.

Neah Bay, Wash.,

Mr. E. L. Chalcraft,

Chemawa, Ore.,

Dear Friend:

I am again taking pleasure in writing you these few lines to let you know the reason I am late in getting back to school.

My father desired me to go home to Mora this year and from there we shall go to Forks and look for a business site, so I made it a point that I should go with him. He intends to start a business for me, after my graduation. This year we expect to begin a grocery store in the reservation. We have invested our money at Seattle and will receive 4 per cent a year. I should have to go to the Quinalt Reservation to see some more sites for our own business. Nevertheless, we got quite a piece of claim there.

We shall buy a town lot at Forks, so if you please can write to

Webster Hudson,
Mora, Wash.

Mr. Alex Hulden is performing the duties of dairyman, vice Benjamin Bohlander.

Mrs. Liphart has been appointed assistant cook to fill the vacancy left by Alex Young.

Dr. George J. Fanning was transferred from Belknap Agency and is now Chemawa Medicine man.

Miss Katherine Brown arrived and is on duty as seamstress, having been transferred from Crow Agency, Montana.

Our blacksmith boys are glad to know that Mr. Nelson has been permanently appointed as blacksmith at Chemawa. One of the boys in writing from his home said he had learned more in the short time that he had been under Mr. Nelson's instructions than in all of the time prior to Mr. Nelson's appointment.
