Jan. 31, 1907.

Mr. James McMann,  
Chemawa, Oregon.

Dear James:

I received your welcome letter a few days ago. I was glad to hear from you. I hope these few lines will find you well. I am enjoying the best of life, and hope you are doing the same.

Well, the 4th Cavalry will return in September. We will be in San Francisco. Well, I'll tell you about the field day we had last November at Malabang. They wouldn't let me play, and said I was too fast for them. So I was not allowed to play ball. All I do is play ball and play in the band. I am going to Manila next month to play baseball. The Department of Mindanao is going, too.

The 4th Cavalry is going to move in April. That is we are going to Manila before we return to U. S. A. I hope I'll meet you some time Jim.

I was in Malabang for three weeks, and had a good time.

Well, Jim, I think I'll come to the conclusion wishing you good luck.

Your friend,

CLIFFORD R. GILLMAN.

The second basket ball team defeated the Albina team of North Portland last Saturday night. The score was 24 to 17.

John Peazzoni is likely to be a pitcher for the second base ball team as he is the only one that can throw a calk-line.

We saw by the SHERMAN BULLETIN, the new publication, published at Riverside California, that they have a park named "Chemawa."

The basket-ball game on Saturday evening was very interesting. The Albina boys are quick skillful players and have only been beaten once before this season. But the Chemawa boys know a thing or two about ball too and disappointed plucky Albina boys had to stand defeat at our hands.

It has been whispered that a dramatic entertainment is to be given in the near future by a club under the supervision of general Geo. Warhoe. The club has been christned "The Remnant Club." As there is skilled talent in their club we may look forward for a good entertainment.
