EXCELSIOR

The Excelsior Literary Society met in their usual room last Friday evening. The president called the house to order. The roll was called and the minutes of the previous meeting read and approved. There was no special business of any kind before the house. Earnest Murray who desired to become a member was added to the roll. There was nothing else to be said on the line of old and new business so we proceeded with our general discussion which was pending before the house. The question for the evening was "Resolved That Immigration into the United States should be Restricted." The speakers who upheld the affirmative side were Harry Queachpalma; Benj. Wilson; M. J. Sampson. Those who defended the negative side were Levi Sorter Henry Dillstrom; Jos. Dillstrom. This was a very interesting question for the speakers on both sides, they well prepared for the evening and the argument put up on both sides was very excellent. After the close of the debate the judges decided two to one in favor of the negative.
