Felix Eben of Gervais was a visitor last Sunday.

Paul Dirks has finished repairing the poultry house.

Ethel Chase a new pupil has recently entered the Eighth Grade.

William Morgan is in charge of the bear pit. He is a good friend of bears.

Mr. Hulden and his detail are at work west of the small boys' home installing the new scales.

The eighth grade B. division will have their examination for promotion the last week of this month.

While at Tacoma recently Mr. Chalcraft met James Ross and his wife, nee, Georgie Powers, both of whom are old pupils of the school. Since leaving Chemawa 4 years ago, James has been an engineer in the employ of the Black Diamond Coal Company near Seattle, Wash. and is now accepting a position as engineer at Fort Peck, Montana.

### CALIFORNIA PUPILS.

In Saturday morning's mail we received from Mr. Campbell, the Assistant Superintendent of the Chemawa Training School a picture of a group of twenty Del Norte County pupils as follows: Hank John, Arthur Van Pelt, Willie Norris, Oscar Bowie, Sam John, Andrew Hodge, Nick Mack, James Bowie, Walter Haight, Jesse Wilson, George Wilson, Lawrence Mahatch, Isabel Bowie, Norah Van Pelt, Delia Nor-

ris, Josie Williams, Lestie Norris, Viola Brown, Lillie Patton, Lona John. It is an excellent picture and we are pleased to see these children well dressed, well fed and provided for and under a healthy moral influence.

The Indian Training School at Chemawa gives the children of whole or part Indian blood a better foundation for the work of life than most of us have had the advantage of enjoying. There is hardly a qualified child in the county who should not be at Chemawa. We wish the above little ones and young people and the Chemawa School success in every sense of the word.
