

INDUSTRIAL NOTES

Ida Johnson is working in the mess.

The carpenters are busy making hurdles for the field meet.

Nellie Boswell is now working in the sewing room and is getting along nicely.

Miss Brown is very nice to the girls in helping them with their private sewing.

Maxime Barnaby is working on a set hack harness and is doing good work.

Eddie Burner is getting to be a scientific farmer. He is next to Mr Swartz.

The sewing room girls are busy making gingham dresses for the small girls.

Mr. Westly and his boys will be thru planting fourteen acres of land in potatoes this week.

David Penny has entered the blacksmith shop and is doing nicely for a beginner.

Irene Peone is now working for Mrs. Campbell and she says she likes it real well.— D. D.

Thomas Williams and Simon Mathews are getting to be good workmen in the blacksmith shop.

The gardeners are planting potatoes in the northwestern part of the field which belongs to them.

The seventh and eighth grades are working in Domestic science this week. They will work there for two weeks.

We are all sorry to have the detail changed as it is more comfortable to go to school in the morning.— J. W.

Neta Jones is working for Mrs. Cox again and she does her work very neatly. Mrs. Cox is very proud of little Neta.

PUPILS' ITEMS

The Excelsior Literary Society is to have a public debate with its own members for the closing of this term.

Miss Millers' tomato plants were set out in the garden, we all hope they will be a success.

Milton Godowa joined the band last week and is making fast progress on his flute.

The McBride girls are glad that Miss Bowman is their matron while Mrs. Theisz is away.

The gophers are playing peck-a-boo in Frank Booth's garden.—E. A.

A number of the school faculty were down to the depot to see Mrs. Theisz off. We hope she will enjoy her long trip.— F. B.

The Odd club girls are very glad to have Ethel Chase join their club.—A.M.

We are having beautiful weather and the roses are plentiful now.—R. M.

The seventh grade girls are very proud of the seventh grade boys who took prominent part in the field meet Monday and they are proudest of all, of Calvin Darnell who broke the school record in pole vaulting.

Thomas Mullings is now a butcher he handles his butcher knives pretty lively.

We enjoyed the band concert on the band stand given Tuesday night and hope the band will often play on pleasant evening —E. W.

The state secretary of the California Y. M. C. A. delivered a very interesting talk last week to the boys. E. C.

Billet Lobert made a very nice string instrument for himself.

We passed a very pleasant evening Monday at the entertainment given by the Selem High School.
