

PUPILS' ITEMS

We all enjoyed the band concert Sunday afternoon.

Joaquin Meadows is learning fast at his trade.

George Horn is working in the dairy house this week.

Thomas Williams is getting to be quite a blacksmith.

We hospital girls all know that Dr. Tucker is a jolly good man.

Gussie Cameron is making a nice little dress for Jessie Hanson.

The printers and a few of their best friends are getting ready for a picnic.

Miss Brown will soon finish Teddey Kluche's uniform which looks very nice.

We are all glad to see our gardens growing so nicely. The rain did them a lot of good.

Harriet Dick is now working in the Dining Hall and does her work very neat.—H. Z.

The girls in the dining hall are now cleaning strawberries and enjoy it very much.—M. C.

The girls who have been selected to be trained as nurses are taking great interest in their study. G. K.

Pearlie Clark is taking care of the boys washroom and Mrs. Doherty says he is doing fine.—T. W.

William Bresette is a fine shot shooting snipes. He shot one this morning one hundred and twenty yards off.—R. E.

Attend the field meet between the two divisions of the Y. M. C. A. known as the "reds" and the "blues" next Saturday afternoon.

Peter Seltice and Eugene Williams are like canary birds when we hear them about four or five o'clock in the morning.

Edward Somerville and Silas Albert are still working on the woodshed. They will be through with it sometime next month.

Miss Lafor is mess cook as well as manager since Mrs. Bewley left. She does very well but she is a little awkward as her numerous burns testify.

Thirty girls and twenty boys of the Chemawa Y. W. and Y. M. C. A. accompanied by Mrs. Brewer, Mrs. Thorpe, Miss Jones, Pickering Alice and Mrs. Chalcraft went to Salem and attended Sunday services in the Methodist church. Rev. Wilson, pastor of Grace church in Portland addressed the congregation. The girls and boys returned to the school 15 to 11 o'clock at night.

We came, we saw, we conquered; that is we all hope so. What am I talking about? Why the examination of course they are over now, and the next question is, "did we pass?" We will know in a day or so. For some unknown reason some of us are not so very anxious to know our standing. How about it? Come to think of it, its not an unknown reason either. How about it?
