This is St. Valentines Day and many a swain has sent symbols of bleeding hearts to his lady love. Verily, the world grows no older in affairs of the heart!

The man, woman, boy or girl in line for success in this world is the one who does things and does them conscientiously, too. Be no laggard in work or play, but be dependable in all things. When any duty is assigned you, or in any way falls to your lot, attack it with a will. Use your head as well as your hand in the work you have before you.
