

PUPILS' ITEMS

Are we going to improve in our marching?

The band boys had a good long practice Monday night.

We are all glad that William Major is improving in health.

Esther Napoleon is getting to be a good accordion player.

We are all glad to see Mrs. Brewer and family back to Chemawa again.

Our new laundress takes interest in her work and enjoys it very much.

The library at McBride Hall is open on Sundays, and the girls enjoy reading the books.

Mary Loftus is now working in the sewing department and likes her work very much.

We are glad Mr. Campbell is back from Montana and giving us new instructions.

Alta Bewley, who is attending school in Salem, came home to visit her mother for a few days.

Louise Moss, a new pupil, is one of Mrs. Thiesz's floor girls and she does her work very neatly.

Hazel Picard does not work in McBride Hall now and all the housekeepers miss her very much.

Our band boys practiced some hard music Monday night. The boys all like to practice hard music.

Frogs are practicing on their songs, which we've heard the last few evenings. It is the sign of Spring.

Mr. Campbell surprised the boys from Fort Simcoe school when he praised

the Fort Simcoe school.

Wilbur Morgan, the bear trainer, was sorry to see one of his well trained bears die last Saturday night.

Bessie Boles is working in the hospital kitchen and we all hope she will soon be an excellent cook.

We are all glad to have our basketball girls play so well and hope they will win the championship of Oregon.

Eugene Anderson says that he likes to work on the after-shift and run everything fine. We all wish him success.

Mr. Campbell gave a very interesting lecture Sunday on our school work and we hope to carry it out and be intelligent.

The McBride Hall girls are marching better since Mr. Campbell gave the pupils a lecture on being prompt and in order.

We had some visitors last Monday in the sixth grade and two of the boys told us about their work in the shops. One of the girls also told us about her work in the sewing room.

INDUSTRIAL NOTES

The plumbers are now repairing the leaks in Mitchell Hall.

The blacksmiths have been helping the engineers put up the wires that run to Mitchell Hall.

Christine Lane and Virginia Garry made some nice biscuits in the domestic science department Monday morning.
