We are getting along very nicely in Chemawa, and next Thursday the first team baseball players are going away until Saturday to play ball.—H. A.

We were all glad to have Mother Wheaton with us last Sunday night, and enjoyed her preaching very much. We hope she will come again before long.—E. S.

## Notes of the Race

Last year Walter Haight ran the 5-mile and a half on the first lap in 28 minutes 53 seconds, which would make it 26 minutes 15 seconds for the five miles. This year some of the watches made it 27 minutes. This has been questioned, but as there was a strong wind at his back he no doubt made the time in question.

Encouraging reports were received as the race progressed. At the end of the first lap Haight lead his competitor by 3 minutes, 45 seconds. At the end of the second lap Sanderson was 4½ minutes ahead. Michel Wilson placed us 6 minutes to the good. The next reports showed George Williams on the sixth lap as 14 minutes ahead, while Frank Dan ended his course 17¾ minutes ahead. Frank ran against Backus, the star runner of the Y. M. C. A. This was the last report until Amos Smoker placed the precious missive in the hands of Mayor Lane, 24 minutes and 18 seconds ahead of Hessemmer of the Y. M. C. A.

Chemawa had her troubles in pulling off the relay, but she surmounted them. They came thick and fast on the morning of the race. First, all telephone connection was cut out; second, it was arranged for Reuben Saunders to follow the Chemawa runners on his motor cycle. The motor cycle broke down, but he took the electric car and the bicycle and joined the race at Woodburn, going the last seven laps with the runners. Mr. Campbell was to follow the race in an automobile and take the time. The automobile only got 2 1/2 miles on the way when it had to be abandoned. He took the electric car into Portland. Mr. Chalcraft took the S. P. to Oregon City, secured an automobile and followed the winners for the last four courses.
