

 LOCALS

Miss C. Harold has been a visitor at Chemawa for the past week.

The boys are looking forward for a good track team this season.

Dr. and Mrs. Bristow and son of Portland, were at Supt. Chalcraft's last week.

Alfred Lane and Merl Poland can be seen on the baseball ground practicing every day.

By the time this paper reaches its reader Chemawa with her roses in bloom will be a bower of beauty.

Miss Katherine Erlougher has been transferred from Phoenix viz Sarah C. Cloutier and has arrived at Chemawa and entered upon her duties.

Everybody in this section of the country is complimenting our boys upon the relay race. We should all be proud of our plucky long distance runners.

Dr. W. Q. Tucker has been promoted and appointed Physican and Superintendent of the Greenville California School and will leave for his new place of duty in the near future. What is Greenville's gain will be Chemawa's loss. The Doctor's many friends will be sorry to see him leave for his new field of duty.

The wood contractors are now delivering big fir wood to the wood yard and a continuous streams of wagons can be seen passing into our grounds.

Miss Lulu M. Evans has arrived from Missouri to fill the teacher's position formerly occupied by Miss Bowman. Miss Irene Campbell taught temporarily during the interval.

The contractors are delivering the supplies for the new gymnasium, repairs to the employee's quarters, etc. Music of the hammer and saw these days have a very pleasing sound to the ear.

Mr. Herbert Campbell, sporting editor of the Spokane Chronicle, is now visiting Chemawa to recuperate his health. Mr. Campbell was operated upon last month for appendicitis and his many friends are glad to note his rapid recovery.

Cyril Morrisette lost his watch while working on the ditch for the sewer pipe draining the gym, chief engineer's cottage and other buildings. A treat with lemonade is demanded of him by his fellow workers, the plumbers, who found and returned the watch.

Mr. Woods sent over to the office a detail drawing of some mill work that he desired solved and Mr. Campbell submitted it to this year's graduating class and Belle Dillstrom and Harry Queahpahma obtained the correct result immediately. It was quite complicated and they deserve commendation for the ability to solve it.

Among those who were at the finish and had the pleasure of seeing Amos Smoker hand Governor Chamberlain's letter to Mayor Lane on last Saturday were Superintendent Chalcraft, Assistant Superintendent Campbell, Dr. Tucker, Mrs. Campbell, Miss Irene Campbell, Mr. Bowen, Mr. Woodin, Mr. Teabo, and Herbert Campbell.
