Little Joe Bittles is studying hard to make the second grade for next year.

This week is one of the busiest weeks of the year in the class rooms. All of the classes are having examination.

The pupils are now having their final examination. Every place you go on the grounds you can see boys and girls studying. We all hope they will pass, because they are putting forth such efforts to do so.

We are all glad we are having our final examination so we will be all over with it as soon as possible, and will not have to be troubled with it in the latter part of this term. We all hope to pass and are doing our very best to make the next grade.—A. W.
