

Supplement...The Chemawa American

PRESENTATION CEREMONIES.

The ceremonies of this year in the presentation of the gold medals to the ten heroes in the second annual Salem-Portland relay race on May 2nd, 1908, and the presentation to the school of the Barr silver cup by the victorious team on Wednesday evening was a grand and joyous occasion long to be remembered by those present.

The team, a bunch of mere boys, seven of whom occupied seats on the same occasion and received medals for last year's race, occupied one side of the rostrum while the school band, which furnished music for the evening, occupied the other side, and the seven silver cups belonging to the school, filled with choice Chemawa roses, occupied the pulpit in the middle of the rostrum. Asst. Supt. Campbell acted as master of ceremonies.

It was an impromptu affair, and speech after speech was requested of the heroes, or made voluntarily from the enthusiastic audience, an appropriate song was sung by the Juniors and Seniors, yells and cheers were given the individual members of the team, Supt. Chalcraft, Asst. Supt. Campbell, Mr. Larsen, Teabo, Saunders, all the trainers, the beef-steak-friers and all others interested in the success of the team and the race, and last of all three loud cheers for our good old school, "Chemawa." There will be a reception for the team and friends later.

MUSICAL EVENING

Wednesday evening the Girls' Mandolin Club gave a concert in the Assembly Hall which reflects great credit on the members and their teacher, Mr. Turney. The selections were from

"Musical Comedies" and the rapt attention of the audience was a sufficient testimonial to the merits of the performance.

Mr. Turney, accompanied by Miss Gertrude Brewer, pianist, gave some violin numbers of his own composition and they were most enthusiastically encored. The last number on the program was a Mozart Sonata in E-Flat for violin and piano given by Mr. Turney and Miss Brewer and it was indeed a musical treat which made the audience very loth to leave.

Mr. Campbell expressed the wish of all present by requesting the Club to give another concert two weeks from that date. We expect that the Girls' Mandolin Club will contribute much to the interest and entertainment of the school.—M. E. H.

Brevities

Examination is all over in the academic department.

Mr. George Ferris, brother to Ellen and Viola Ferris, is visiting the school this week.

Philip Talbot is now making his first wheel-barrow. Philip is apprenticed in the wagon shop; he is only twelve years of age.

The members of the band gave a concert in chapel last Saturday evening and Father Datin spoke a few helpful and encouraging words to the pupils. They all enjoyed the evening very much.—B. D.

The girls of the Senior Class entertained their class in the Domestic Science Department with a dinner in honor of Bessie Chilouquin, their class mate who left for her home in Klamath, Oregon, Tuesday evening.—T. S.
