

INDUSTRIAL NOTES

Thos. Mullings is now a laundry boy.

George Horne is now on Mr. Swaim's detail.

John Miller painted the carry-all last Thursday.

The open-air sanitarium is being rapidly completed.

Alden Clark is making a set of back bands for his harness.

Frank Dan and Dan Nichols are now working in the baker shop.

Charlie Williams is one of the farmers in the hay field this week.

The two silos in the cow barn are being rapidly filled with vetch.

George Goss is assisting the plasterers in the new cottage this week.

A set of harness was sold Monday to one of our neighboring farmers.

Joe Carrasco and Charles Walton were cleaning the water tank Wednesday.

Haynes Bateman is now repairing some of the McBride Hall girls' shoes.

Last week Allan McGibbons helped William Burke sweep in Mitchell Hall.

Manuel Swanson connected the electric wires in the new gymnasium this week.

Last Tuesday Mr. Swaim and his boys cleaned up the trash around the gymnasium.

Mr. Woods and his carpenter boys were putting the doors in the "gym" last Monday.

Levi Sortor, who has been working in the engineering department, is now working on the farm.

The farmers and dairy boys were hauling vetch this week to the cow barn.

Philip Talbot tried his luck at horse-shoeing the other day for the first time.

Carl Stone was cultivating the potatoes back of the school building Wednesday.

James Moses and Anthony Morell were cultivating the beans one day this week.

The dining hall girls were, cleaning peas in front of the mess hall last Friday morning.

Alfred Lane, Buford Spencer, assisted by Mr. Smith, straightened one of the electric poles near the kitchen.

Ruther Jake is back at his bench in the harness shop again after working on the painters' detail for some time.

Frank Dan is now working in the bakery, and will remain in there until the old timers come back who are playing in the band at Gladstone Park.

The electric wires connected to our power house have been improved by our boys under the supervision of Mr. Moran.

Dan Nichols, who was working in the woodshed is now in charge of the bakery while Mr. Teabo is at the Chautauqua.

Cyril Morrisette is getting along nicely in the plumber shop. We hope for his continual progress in this line of work.

The new switch-board which was being installed in the power house is now completed and adds to the improvement of the Department.

Mr. Venter says that there is room for more boys to enter the harness shop. Here is your chance, boys. Mr. Venter will give you a good show to learn the trade.
