

INDUSTRIAL NOTES

Eugene Williams and the rest of the sweepers of Mitchell Hall were cleaning and oiling the floors of it for commencement.

ENGINEERS' NOTES.

Walter McGibbons is running the engine this week in the engineering department.

The engineers were putting up electric wires and lights in the "gym". Tuesday.

James Minesinger is on the night shift in the engineering department this week.

Thomas Andrews has again returned to his work in the engineering department.

Boiler No. 1 is now in use. A new furnace was placed in it last week.

The engineer boys repaired the big pump last Wednesday, so now it is in operation.

George Flett is firing this week in the engineering department, and Willie Carrasco is his wood hauler.

David Graham, who has been working in the blacksmith shop, is now working in the engineering department.

Eugene Anderson is running the engine, Thomas Davis fireman, Albert Samuels wood hauler, in the mornings this week.

Walter McGibbons and David Graham have connected the wires to the wood saw motor, which has been in use at the cow barn running the silage cutter.

PUPILS' ITEMS

James Finley is now working for Mr. Bowen.

The engineers have been busy putting the main wire to the new gymnasium.

Miss Noble treated the office boys to some cherries on Wednesday afternoon.

James Finley was mowing the grass around Brewer Hall on Wednesday.

The seventh and eighth grades are busy doing exhibit work for commencement.

Peter Lamoose is one of the boys who are painting the frame work of the Sanitarium.

We hope Walter Haight will soon recover, who is in the hospital, from the result of bronchitis.

Peter Lamoose was cleaning up for Mr. Smith in the disciplinarian's office on Wednesday morning.

There is always music in the air at McBride Hall, because every spare moment Melvina Moxley has she sings us one of her favorite songs.—D. C.

There are a number of boys going to Chautauqua. They will start July 18th on Saturday. They will take part in the exercises held during that day; we wish them all success and hope they will have a pleasant time.—A. W.

Every boy and girl who is to take part in the Commencement exercises is busy practicing their songs, and every thing else they must take part in. We are all looking forward to a fine Commencement program, and we hope Chemawa will make a name for herself.—P. G.
