Baseball fans are looking forward to some of the hottest baseball games during the Cherry Fair ever seen in Salem.

There will be a series of games on Thursday, Friday and Saturday, between Albany and Chemawa, and Salem Tri-City league team and the Fairmounts.

Once upon a time Albany defeated Chemawa and the Indians have always had a sneaking notion that the result was brought about by a fluke. Therefore these two teams will fight for every inch and the games will be crackerjacks.

On Thursday Chemawa will play Albany.

On Friday, the Tri-City league team will play the Fairmounts. This game by the way will be a dandy. The Fairmounts have always been convinced that if they had a fair chance they could wipe up the earth with the Tri-City twirlers and this will be the opening they have long desired.

On Saturday, the winners of the games on the preceding days will play for the championship of the series.

The team that wins the series will be awarded a magnificent silver cup that will be fit to grace the den of the most famous baseball magnate in the country.—Statesman.
