

## LOCALS

Mrs. Bullard and her son are having a delightful time camping with Mr. and Mrs. L. Swaim and family in the country.

Michel Wilson writes he will return this week, bringing a new pupil with him. He says he has had a delightful vacation, but will be glad to get back to Old Chemawa.

Mr. Westley and the industrial boys have harvested the pears and hauled in 12 wagon-loads of the luscious fruit for the kitchen department, and there is still more to follow.

Mr. Turney is quite lonely in the printing office this week, as his entire force has gone to the hop yards, but they left the office in good shape for getting the paper out on time.

Addie Cameron is enjoying her vacation at Chinook, Wash., and in a letter that she writes states that there are a number of pupils whom she thinks will come to the school when she returns.

Walter McGibbons writes us that he has been spending his vacation firing at a shingle mill, but that the mill has shut down owing to a surplus of shingles. Walter writes that he is looking around for another pupil to bring back with him.

The pictures taken of the school by Mr. R. Loewenfeld, of Salem, were very good, and the lantern slides of some of the views were the subject of favorable comment by pupils and employes who witnessed them for the first time Friday evening.

Miss Irene Campbell left Monday to play tennis. Miss Campbell is scheduled to play in the ladies' singles, ladies' doubles, and mixed doubles with the Multnomah Tennis Club on the Multnomah Club grounds, Portland. Her many friends wish her good luck.

Joe Dillstrom and Robert Cameron are the cooks at the Jones yard, while Nels Charles and Albert Scott look after the culinary department at the Simon yard. The boys at both camps think they have the best cooks, and when visited early in the week both camps seemed to be living on the fat of the land.

Dr. Edward Lieurance has arrived from Warm Springs and taken charge of Chemawa's Hospital Department. Chemawa is fortunate in having the doctor, as he is enthusiastic in his profession and will devote his energies to perfecting Chemawa's Open Air Sanitarium and Hospital Department.

Miss Gertrude Brewer is home again after spending a pleasant vacation with relatives in Tacoma. Both Mrs. Teabo and Miss Brewer report excellent times in the Sound country and declare the clams as fine as ever, which makes those from that section of the country long to attend a clam bake, and to experience the delightful outings on the water.

Chemawa hopes to be able to play the Carlisle football team during or immediately after the Christmas holidays. Carlisle plays the Washington State University in Spokane on Christmas Day and the Multnomah Athletic Club of Portland is trying to arrange a game with them New Years, and we are trying to arrange a game either between Christmas and New Years or after New Years. If Carlisle accepts our offer it will be a battle royal of Western brawn against Eastern training.
