## LOCALS

---

Wm. Towner came over from Siletz this week and brought his children back to school.

The band boys had a meeting Monday and rehearsed some new music. Mr. Charles Larsen will be band director this year. The prospects are bright for the band.

Wm. Bailey and wife of Bay Center, Wash., have been visiting at the school during the week. Mr Bailey is greatly interested in our school.

Little Florence Thompson of Hadlock, Wash., visited Miss Dohse's class on Monday to see her cousin, Warren Grant Smith, begin his first day of School.

Supt. C. W. Goodman, of the Phoenix, Arizona, school, has been a Chemawa visitor during the week. He is not only an affable gentleman, but is a man of superior attainments. We boast of exceptional tennis players, but Supt. Goodman does not have to take his hat off to any of us. He is making a tour of the coast.

New students have and are still being enrolled at Chemawa at an astonishingly rapid rate this term. During the vacation many new pupils were admitted to school, and we opened school this week with over 80 pupils more than last year, and have an attendance at the present time nearly equal to that in January of former years.

Mrs. W. F. Thompson and daughter Florence arrived from Hadlock, Wash., the latter part of September with the following pupils: Dora, Ruth and Roy Clawsen, Raymond Johnson, William and Lyall Woodley and Chester Williams, arriving in time for the pupils to begin school promptly. After paying her brother, E. A. Smith, a week's visit, she and Florence returned home.

If you want to see a choice lot of apples you should go to Superintendent Chalcrafts office and see ten varieties of choice apples which were brought over by Mr. George Lansing of near the School, Chemawa, Oregon. they consist of the Jonathan, Oregon Red, Ben Davis, Spitzinburg, Bedenheimer, Graverstein, Twenty-Ounce Pippin King, Rambo, Baldwin. They certainly are a choice lot of apples.

## OUR "TOMMY."

Under the caption of "Famous Ball Player" the Salem Statesman of yesterday printed the following:

Thos. C. Downie, a former student at Chemawa and a member of the Salem baseball team in 1903-4, was in the city yesterday visiting among friends. Mr. Downie is a crackerjack ball player and some time ago signed with the Cleveland team of the Northwest league from which he went to the Kansas City team of the American league. During the winter he will be located in California with his team and took advantage of the opportunity to run up into Oregon to see some of his old friends. He expected to leave last night for the south.

---

Mr. Westley and his gardeners are busy sacking prunes for winter use.
